

# Carlube Additives

## Oil Treatment

Carlube Oil Treatment is a concentrated blend of high performance additives and shear stable polymers formulated to provide extra protection for petrol and diesel engine oils.

SIZE	PART No.	BARCODE
300ml	QOT300	50766925

## Engine Flush

Carlube Engine Flush quickly breaks down sludges and deposits which can otherwise remain in the engine, causing rapid deterioration of new oil. Use at every oil and filter change.

SIZE	PART No.	BARCODE
300ml	QPF300	50047611

## Stop Smoke

Carlube Stop Smoke is specially formulated to prevent blow-by, a condition that occurs when oil enters the combustion chamber and is burned with the fuel, resulting in blue smoke and excessive oil consumption.

SIZE	PART No.	BARCODE
300ml	QSS300	50047604

## Petrol Injector Cleaner

Carlube Petrol Injector has been specially formulated to reduce fuel injector deposits promoting maximum fuel system efficiency in all petrol engines.

SIZE	PART No.	BARCODE
300ml	QPI300	50047567

## Diesel Clean Burn

Carlube Diesel Clean Burn is a high performance diesel fuel additive which immediately helps to reduce black smoke in diesel engines by improving combustion efficiency.

SIZE	PART No.	BARCODE
300ml	QDC300	50047598

## Petrol Treatment

Carlube Petrol Treatment has been specially formulated to promote maximum fuel system efficiency in all petrol engines including injection and carburettor systems.

SIZE	PART No.	BARCODE
300ml	QPP300	50047574

## Diesel Treatment

Carlube Diesel Treatment has been specially formulated to promote maximum fuel system efficiency in all diesel engines with or without a turbo charger.

SIZE	PART No.	BARCODE
300ml	QPD300	50047581

## Lead Substitute

Carlube Lead Substitute has been specially formulated for engines which were originally designed to operate with leaded 4-Star petrol.

SIZE	PART No.	BARCODE
300ml	QFS300	50050406

## Diesel Injector Cleaner

Carlube Diesel Injector Cleaner has been specially formulated to clean fuel injector deposits promoting maximum fuel system efficiency in all diesel engines.

SIZE	PART No.	BARCODE
300ml	QID300	50056002
