LOW SAPS/LOW ASH ENGINE OILS

Carlube have developed a range of low ash/low SAPS fully synthetic engine oils to meet the requirements of the latest generation of vehicles with exhaust after treatment devices. Low SAPS (low sulphated ash, phosphorus & sulphur) engine oils are safe for catalytic converters and diesel particulate filters (DPF's).

Detergents in standard engine oils can form ash on combustion which can lead to the DPF becoming clogged up by soot, damaging the filter and impairing engine and emissions performance. So it is essential that low SAPS engine oils are used for diesel & petrol vehicles with exhaust treatment systems.

5w30 Longlife Fully Synthetic

VW

Specifications: ACEA C3
Meets the requirements of:
VW 504.00/507.00

Triple R 5w30 VW is a Fully Synthetic low SAPS oil suitable for use in the latest Volkswagen/Audi group petrol and diesel engines on extended service intervals.

0w30 Longlife Fully Synthetic

Specifications: API SL/CF, ACEA A5/B5

Triple R 0w30 is a Fully Synthetic oil suitable for use in some of the latest Volvo petrol & diesel engines requiring a low viscosity engine oil.

5w20 Fully Synthetic

Specifications: ACEA A1/B1
Meets the requirements of: FORD M2C925-B

Triple R 5w20 is a Fully Synthetic oil suitable for use in the latest Ford petrol and diesel engines formulated for maximum fuel efficiency.

Triple R advanced 5w20 is formulated to improve fuel economy, reduce friction and wear giving protection from cold start to high temperature driving.

5w40 Fully Synthetic

Specifications: API SN/CF, ACEA A3/B3/B4
Meets the requirements of: MB 229.5, BMW LL-01, VW 502.00/505.00, RN0700/0710

Triple R 5w40 is a Fully Synthetic oil suitable for use in some of the latest Mercedes Benz models providing improved fuel economy.

5w40 Fully Synthetic Diesel

Specifications: API SN/CF, ACEA C3
Meets the requirements of:
VW 502.00/505.00 /505.01 (PD),
MB 229.51, BMW LL-04, Porsche A40, Ford M2C 917-A, GM DEXOS II

Triple R 5w40 is a Fully Synthetic low SAPS oil for high performance diesel engines including the Volkswagen/Audi group vehicles fitted with the Pumpe Duse (PD) engine.

10w40 Semi-Synthetic

Specifications: API SN/CF, ACEA A3/B3/B4.
Meets the requirements of:
MB 229.1, RN 0700, VW 501.01/505.00

Triple R 10w40 is a Semi-Synthetic oil specially designed to meet the exacting requirements of Europe's leading vehicle manufacturers offering low temperature fluidity providing immediate circulation from cold start.

15w40 Semi-Synthetic Diesel

Specifications: API CJ-4/SM, ACEA A3/B3/B4/E7/E9
Meets the requirements of: MAN M 3575,
MB 228.31, Volvo VDS-4, Renault RLD-3,
Cummins 20081, CAT ECF-2/ECF-3, MTU Type 2.1, Mack EO-N/EO-O, Detroit Diesel 93K218

Triple R 15w40 is a Semi-Synthetic low SAPS oil suitable for heavy duty commercial diesel engines operating under both stop-start and prolonged motorway driving.
