

Workshop Wonders

THE LIQUID MECHANICS

This high quality range of Workshop Consumables has been developed to meet the demands of both professional technicians and DIY enthusiasts.

It is an innovative range of maintenance products which can help to keep all vehicles in tip top condition.

Carl

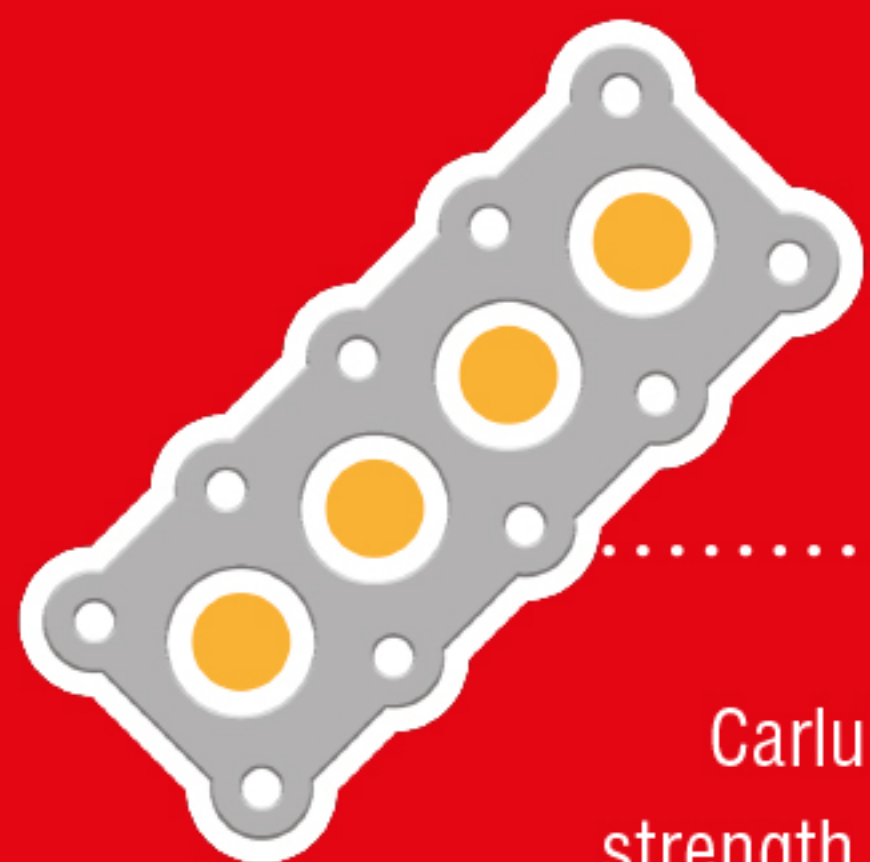

Brake & Parts Cleaner

Carlube Brake and Parts Cleaner is a powerful blend of degreasing solvents which have been developed to clean brakes, clutches and component parts. There is no need to disassemble parts prior to use

Case Qty	Size	Code
12	400ml	CPB412

Gasket Remover

Carlube Gasket Remover is a high strength gasket and carbon deposit remover which dissolves even the toughest gasket residue whilst protecting the equipment surface and reducing the need for excessive scraping.

Case Qty	Size	Code
12	400ml	CGR412

Electrical Contact Cleaner

Carlube Electrical Contact Cleaner is a powerful blend of degreasing solvents, developed for cleaning ignition components and other electrical parts. It also cleans dirt, oil, grease, oxide deposits, electrical parts and general grime build up. The formulation is fast evaporating and low odour for easier handling.

Case Qty	Size	Code
12	400ml	CEC412

Belt Dressing

Carlube Belt Dressing is an anti-slip compound designed to protect and prolong belt life. It prevents cracking and increases the transmitted power by reducing slippage.

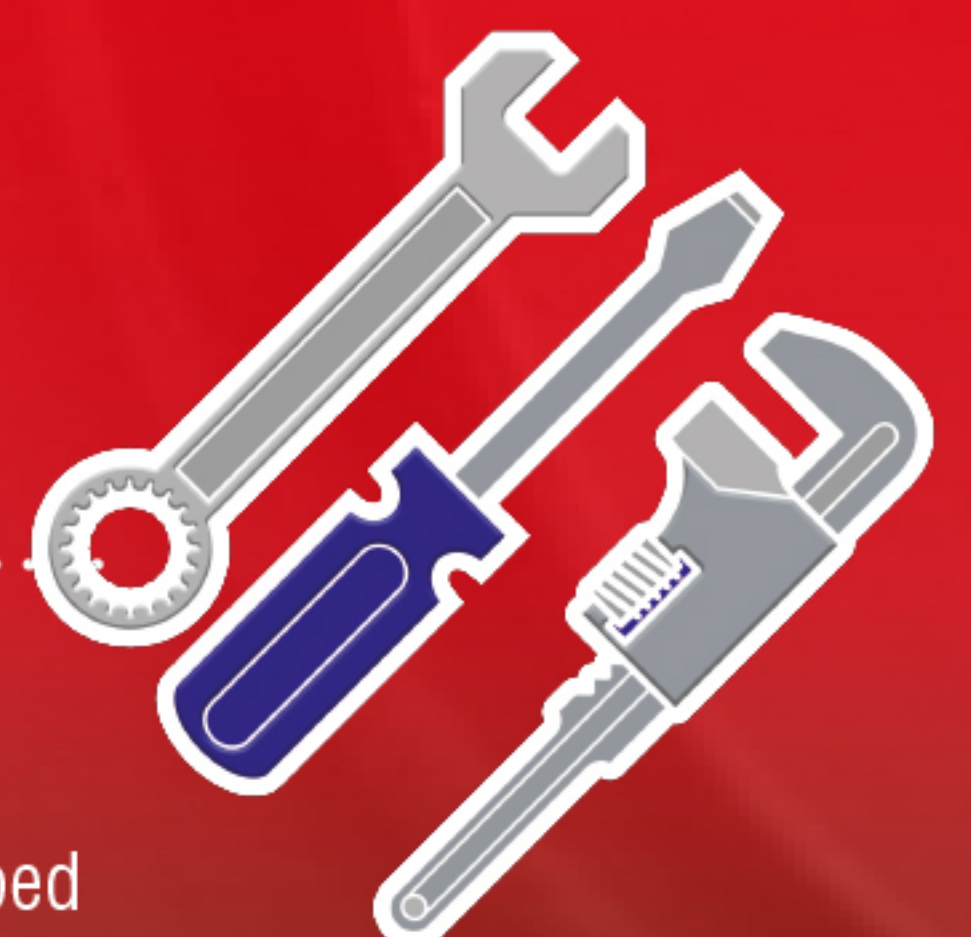

Case Qty	Size	Code
12	400ml	CBD412

Tool Cleaner

Carlube Tool Cleaner is a powerful blend of degreasing solvents developed for cleaning all types of tools without leaving an oily residue. Fast evaporation and low odour make for easier handling.

Case Qty	Size	Code
12	400ml	CTC412

**Sprays directly into
less accessible areas
NO NEED FOR STRAW**

Freezing Agent

Carlube Freezing Agent is a minus 30°C treatment with a powerful blend of freezing agents and penetrative fluids designed to crack open seized, rusted and corroded joints and connections in just a few minutes.

Case Qty	Size	Code
12	400ml	CFA412

Penetrating Fluid

Carlube Penetrating Fluid is a special blend of base oils, solvents and colloidal graphite which is developed to penetrate corroded and rust affected parts, as well as helping to prevent re-seizing.

Case Qty	Size	Code
12	400ml	CPF412

Battery Terminal Protector

Carlube Battery Terminal Protector is a non-conductive formulation designed to clean dirt, grime and corrosive deposits which build up on battery terminals. Improving electrical conductivity. It also helps improve starting and prolongs the battery life, especially on those cold winter mornings.

Case Qty	Size	Code
12	400ml	CBT412

Rust Remover

Carlube Rust Remover kills rust fast and forms a moisture barrier to prevent further rust and corrosion. Rust Remover is suitable for a wide range of automotive and household uses.

Case Qty	Size	Code
12	400ml	CRR412

Silicone Spray

Carlube Silicone Spray is a superior quality, extreme temperature resistant fluid which offers excellent water repellency and corrosion protection. The silicone-based properties are ideal for protecting and lubricating all plastic, metal and rubber parts which suffer constant friction, without cracking or splitting the rubber.

Case Qty	Size	Code
12	400ml	CSS412

Carb & Air Intake Cleaner

Carlube Carb and Air Intake Cleaner has been developed to remove dirt, grease, varnish and gum deposits from carburetors, linkages and automatic chokes and will not harm catalytic converters.

Case Qty	Size	Code
12	400ml	CCA412

HOME OR WORKSHOP

Engine Cleaner & Degreaser

Carlube Engine Cleaner and Degreaser has been specially formulated to remove ingrained grease, oil, dirt and grime from all vehicle engines (automotive, commercial and marine) including aluminium surfaces. The unique 'water-washable' formula is also suitable for general household and industrial applications such as removing tar spots and cleaning paintbrushes.

Case Qty	Size	Code
12	400ml	CED412

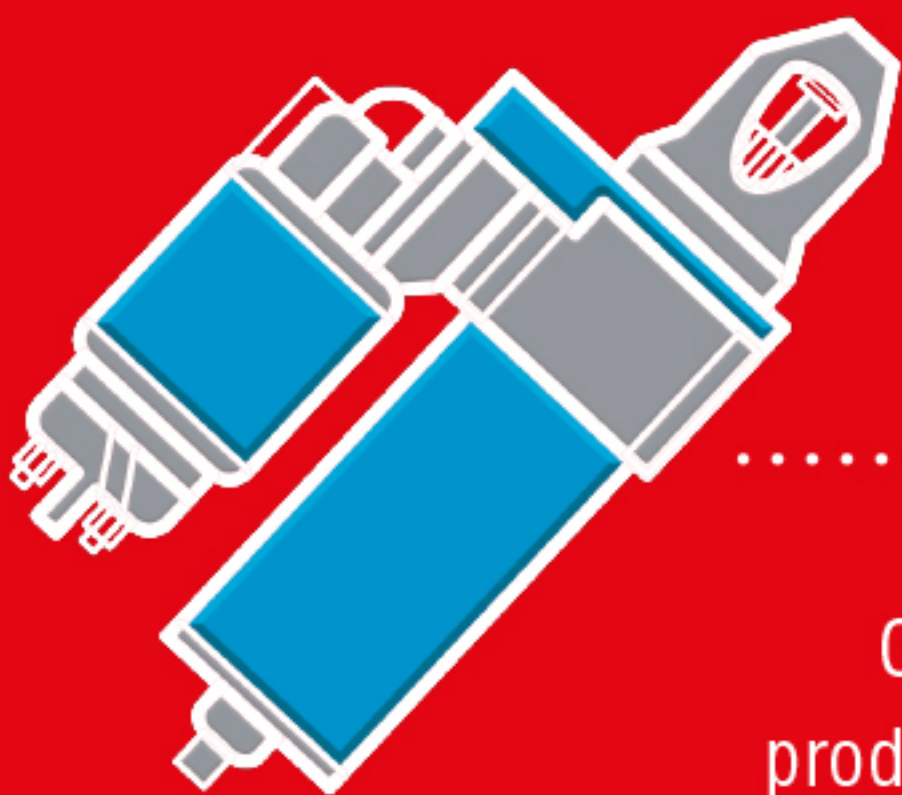

Engine Starter

Carlube Engine Starter is an instant power start which has been specially formulated to ease engine starting and consequently reduce battery drain when starting in cold weather.

Case Qty	Size	Code
12	400ml	CES412

Ignition Sealer

Carlube Ignition Sealer is a damp start product which waterproofs auto electrics giving the entire ignition and electrical system a clear coat of durable plastic insulation, which resists condensation, water, petrol, diesel and oil.

Case Qty	Size	Code
12	400ml	CIS412

White Spray Grease

Carlube White Spray Grease (with PTFE) has been formulated to repel water, resist heat and salt, and to protect against corrosion. The product is a special non-drip formula and is particularly suitable where longer-term lubrication and protection are required.

Case Qty	Size	Code
12	400ml	CWS412

Copper Spray Grease

Carlube Copper Spray Grease is a high performing, lead free compound which protects metal components from corrosion, water, heat and acid. Based on non-melting grease containing a complex blend of heat resistant solids and low shear metals.

Case Qty	Size	Code
12	400ml	CCG412

100+ Multi-Purpose Spray Grease

Carlube 100+ Multi-Purpose Spray Grease is a semi-fluid grease, which can penetrate into the most awkward places, lubricating and protecting. It is ideal for chains, linkages, hinges and metal parts that require lubrication or corrosion protection. High resistance to 'throw off' makes it especially suitable for lubricating motorcycle and cycle chains and it is compatible with 'o' rings.
